VOL. LXIII. No. 23. REDWOOD CITY, CALIFORNIA, SATURDAY, SEPTEMBER 2, 1922. ESTABLISHED 1859

LATEST ELECTION RETURNS FROM COUNTY AND STATE

Johnson Wins; Richardson Beats Gov. Stephens; Lampkin and Roach To Run in November

The election held in the 92 precincts of San Mateo county Tuesday was the quietest ever held in this political subdivision. Outside of a very few contests the most of the incumbents were given the nomination to their respective offices without opposition.

All of the unopposed candidates received large complimentary votes. They were:

Mrs. Elizabeth M. Nash, county clerk.

Franklin Swart, district attorney.

George A Kneese, county surveyor.

Roy W. Cloud, superintendent of schools.

Daniel P. Flynn, assessor.

T. C. Rice, recorder.

A. McSweeney, tax collector.

J. J. Shields, auditor.

W. A. Brooke, coroner and public administrator.

The two incumbents for county office, P. P. Chamberlain for treasurer and Frank L. Eksward for assemblyman, ran true to the form predicted for them and were handily renominated. Mr. Chamberlain was opposed by his old running mate, Fred Lippman, who tries out for the office every four years. Mr. Chamberlain received his usual majority, as everyone expected he would.

For the assembly Frank L. Eksward, incumbent, received 3,486 votes, Jerome Hallinan 2,101 and Christie Jones, the courteous car conductor from Daly City, had 1,916.

The real old time fight was for sheriff. Undersheriff H W. Lampkin was high man with 5,233 votes, but he will have to oppose Frank Roach of Menlo Park again in November, as Mr Roach received 3,925 votes. Claude M Hirschey, chief of the Hillsborough police department, was eliminated from the race, he having been low man with 1,858 votes.

The votes given the state officials are shown below. Senator Hiram W. Johnson ran as we expected he would and was splendidly supported here. Governor Stephens also carried the county by nearly 600.

The township offices did not create a great deal of excitement, as it was generally conceded that Martin Walsh would be re-elected. Peter Larrecou and Joseph Feliz, who opposed him, would either of them have made a fine officer, but they were not the seasoned campaigner that Martin Walsh is, so he easily outdistanced them. Judge Ray Griffin had no opponent.

In the first township there will be four entries for justice of the peace. Judge Ellis Johnson was high, William J. Smith of South San Francisco next, J. L. Brown, former editor of the Daily City Record-Tattler, third, and L. W. Hardy of South San Francisco, fourth.

In the second township the main contest centered around the supervisor office. Mrs. Rosalie Brown, incumbent, was high and C. E. Fowler, the Burlingame contractor, was second. M. J. Conway and John P. Duffy were eliminated. Porter Lamb was high for justice of the peace, but will have to run again, as there are two to be elected and there must be four on the ballot.

In the fourth township Fred Simmons will again be constable. Chas. Jordan will be justice of the peace. He defeated Judge John Pitcher, who has held the place for many years and was probably the oldest judge in California.

In the fifth township Dr. C. V. Thompson was practically unopposed. John McCormick tried to secure a "write in" nomination, but he received very little encouragement. A. W. Woodhams was returned justice of the peace. Walter Moore defeated Herman Frey for the constableship.

Following is an unofficial tabulation of the vote in this county, but is correct as far as the county clerk's office has tabulated the returns. The complete official tabulation is expected to be finished by Saturday night.

County Surveyor George Kneese made himself more popular election night by installing a radio receiving set in the court house rotunda, where returns were heard from all over the state.

The county clerk's office also gave returns from the county precincts as fast as they were tabulated.

The crowd was listening in until a late hour, when a fair idea could be had of who was elected.

AUTOMOBILES IN SAN MATEO COUNTY

The report of the motor vehicle department of California shows that the machines registered in San Mateo county are as follows:

Automobiles	5,833
Trucks	380
Motorcycles	166
Trailers	38

As there are slightly over 40,000 people living in San Mateo county, the above figures show that one out of every seven owns an auto.

San Carlos Items

Mrs. L. D. Rea, mother of Thomas D. Ruggles, and his sister and her husband, Mr. and Mrs. J. O'Connor, were here for a two weeks' visit before leaving for Kent, Ohio, their former home. Mrs. Rea has resided in California for several years and she is very fond of the west and the ways of the people here, but she has a greater attachment for the old "Buckeye" state and her girlhood home. Mr. O'Connor disposed of his business in Oakland so that he and his wife might return to Ohio with Mrs. Rea.

County Clerk Mrs. Elizabeth M. Nash received the highest number of complimentary votes at this precinct of any candidate who was without opposition, she receiving 145 votes out of 169, while the smiling district attorney, Franklin Swart, came next with 121. Mrs. Brown was accorded 103 votes as against 49 for Fowler, 12 for Duffy and 4 for Conway. It would appear that the folks in the Garden of Eden have decided that we should revert to the age when the female of the species bore the heat and burden of the day while their overlords hunted and fished and smoked their pipes of clay. However, we're all happy and await with patience the final fray at the November election.

Everybody knows Jack Cummings, the assistant plumber, to be a man of iron nerve and brave enough if necessary to face a whole regiment of his kind. But according to the story of Plumber Ruggles, Jack has shown conclusively that he would prefer to be a live coward rather than a dead hero when facing a band of yellowjackets on the one side and a butin' billygoat on the other. It was while laying the water pipe through the old China field connecting the new Chipman home in the hills with the San Carlos water system that Jack thoughtlessly ran his hand into a yellowjackets' nest and while being chased by the artillery of these harmless little insects Jack ran up against Mr. Billy Goat at about 40 miles per hour and Mr. Goat treated Jack like a traffic cop in disputing his right of way. And had it not been for the timely presence of Plumber Ruggles with a long, sharp pointed pole to prod Mr. Goat away, Jack might not be here to deny the tale. Mrs. Cummings and Mrs. Ruggles, who is a trained nurse, were up the greater part of the night applying hot poultices and doing all possible to relieve Jack's pains. Jack proved to be some sprinter, which is probably the reason he is on our baseball team.

J. W. Davis, a traveling auditor for the Western Pacific and an old acquaintance of Agent Cowgill while Davis was employed as an agent for the Southern Pacific on the western division, was in San Carloss last week looking over various properties with a view to buying a home and making San Carlos his permanent home. Mr. and Mrs. Davis have made their home in Los Altos for several years, but have recently sold their home there with the expectation of buying and locating near the metropolis to save the long ride between Los Altos and the city.

Tommy Burke was put on the Pickwick bus in Los Angeles by his mother at 8 o'clock Friday morning and owing to delay to the stage, it being three hours late, did not reach here until 1 o'clock Saturday morning, when he was met by Grandma Betterell at Cypress avenue.

Jack Cowgill and family took advantage of free transportation over the Southern Pacific last Sunday, leaving old Betsey, the gasoline burner, at home, and enjoyed the Sabbath on the beach and visiting the home of Mr. Cowgill's sister, Mrs. S. J. Boone. The Boones have one of the popular chicken ranches which are becoming so numerous at the beach city, and as Mrs. Cowgill favors ranches rather than city life, she enjoyed looking over the Boone chicken brood while Jack viewed the flappers and chickens at the casino from a distance.

Mrs. D. L. Stewart arrived home last Sunday from an extended visit with relatives and friends at Long Beach and Los Angeles.

Friends of Miss Genevieve O'Brien have just received the announcement of her marriage to Clement E. Loubert at Healdsburg on the 20th of last month. Miss O'Brien lived here for some time prior to the death of her other, when the family moved back to San Francisco to be near Mr. O'Brien's work. Mr. Loubert owns property here and both he and his happy bride have been frequent visitors to San Carlos and are well known here. Everyone is delighted to learn of their marriage and all look forward to the time when they will build upon their property and become permanent residents of our little city. Mr. Loubert is employed by the Southern Pacific Company in the general offices in San Francisco.

Steve McCue, the popular hotel man and caterer of Colma, who recently sold his Colma property at an advanced figure, is now building a modern, up to date place on his property here opposite the junction of the boulevard to Babylon and the east side highway. It was about 12 months ago that Mr. McCue purchased 13 acres of the Phelps estate through Lambert & Walter, when he was assured that the east side road was a certainty and not a dream picture as magnified by the promoters of real estate tracts and subdivisions.

Wm. F. Chipman, executor of the Josephine A Phelps estate and a nephew of Mrs. Virginia A. Lord, has already prepared plans and will immediately begin the construction of a unique and modern bungalow on one of the most rustic and romantic spots in the little canyon back of the old China field on the property which he purchased from the Phelps estate when the tract was first put on the market by the San Carlos Park Syndicate, the company which put in the substantial street work over 10 years ago before making any effort to sell property and that without any fuss or feathers.

Edward Newlan, manager of the Economy Piston Ring Company of Sacramento, is visiting A. C. Dinwoodie of this city.

County Clerk Elizabeth M. Nash has received notice from Oliver Haw's mother not to issue a license to Oliver Haw, her son, who is not of age, and is expected to try for a license to marry a Miss McFarlane.

As evidence of the growth of Redwood City it may be stated that the business of the railroad company at this point has doubled in the past ten months. This is a sure sign of prosperity. It means that the passenger traffic is steadily growing and that the freight shipments are advancing.

Redwood City business houses in general will close on next Monday, Labor Day. The Commercial Club members have agreed to close on that day. Housewives should buy supplies on Saturday for the two days.

Mrs. Inez Felton will continue the taxi business which her late husband, G. R. Felton, operated at 72 Broadway.

Harry G. Edwards, the watch man was here from San Francisco Wednesday visiting friends. Mr. Edwards travels through the country and sells his watches to the people he meets along the way.

Mr. and Mrs. Frank Blomquist, Miss Muryl Blomquist and Theodore Blomquist have returned from a two months' automobile trip through Oregon, Washington and western Idaho. While away they visited with relatives and had a wonderfully fine time. On their way home through Pendleton, Oregon, their Redwood City banner attracted the attention of Henry Thompson, a former resident of this city who was delighted to see someone from his old home town and he sent messages to many of his former friends. It is a good practice to carry a banner telling of the place of residence while traveling in a machine. It not only is a help at times but it is also good advertising for the town.

The Young Ladies of the Friendless Society of the Episcopal church are giving a dance Saturday night, September 9, to defray the expense of the church in paving Washington street in front of the church. The affair will be held at the Masonic hall.

Thomas Rugby Burlford, lecturer, gave one of his lectures, illustrated with stereopticon views, at I. O. O. F. Hall last evening. The subject was "Things Worth While" and "The Future of Mankind."

The Redwood City grammar and Sequoia Union High School will not be in session Monday. Labor Day is one of the holidays which the law says shall be observed as school holidays.

Joe Fasso had a near accident last week in San Francisco, but fortunately he was not badly hurt. He was driving in the city when he noticed something wrong with his machine. He alighted to ascertain the trouble and while standing by his car was hit by a truck and knocked to the pavement. As luck was with him the truck did not run over him and besides some bruises he was not badly hurt.

Dr. John Blood, who has been practicing in Exeter for the past four years, has moved to Redwood City and will begin the practice of his profession here immediately. He has purchased a home on Iris street, in Redwood Highlands, and will soon have a down town office. Dr. Blood is acquainted with a number of people of this locality, as he is the son of Mrs. George B. Miller of Burlingame and a nephew of George A. Merrill, formerly of Redwood City. WITNESSED PASSION PLAY AT OBERAMMERGAU

Rev. C. H. Stevens has written to friends that he and Mrs. Stevens witnessed the Passion Play at Oberammergau, Germany, August 14. Mr. and Mrs. Stevens planned their trip so as to witness this great spectacle and they were in no way disappointed in the wonderful portrayal of the life of the Savior. They with the other spectators, thousands in number, sat through the eight-hour drama to see the play which has attracted attention to this little German village for many years.

The players are all natives of Oberammergau and every ten years give the life history of Christ and the twelve apostles. The different villagers are assigned their parts and for many decades continue as the same character. They do their regular work, but keep the idea of their character before them at all times. Andrew Lange, who takes the part of the christus, has dressed and acted the part so often that his features have taken the same lines as those pictured in the portraits which are shown of Christ.

GETS FINAL DECREE

Adele Gordon Brainerd was granted a final decree of divorce by Judge Buck Monday from James L. Brainerd. She was also granted custody of a minor son and $300 a month alimony. Plaintiff was represented by former United States District Attorney John W. Preston.

DOVE SEASON OPENS

The banging of shotguns out in the white oaks and adjacent foothills shortly after daylight this morning apprised the early risers that the open season for the shooting of doves was at hand. It is the consensus of opinion among men who have the true sporting blood in their veins that the shooting of the doves should be prohibited, as the little migratory birds do not harm the farmers or anyone else. The fact of the matter is that the sport, if such it may be called, of shooting this innocent, demure little visitor is confined to the small boy with his first shotgun, who has just graduated to the knee pants class, and a few grownups past the prime of life and afflicted with bunions, who cannot walk from here to San Carlos without hiring a taxicab.

PROMINENT CITIZEN DIES IN BURLINGAME

Arthur E. Neuman, one of the best known business men of this section, died at his home on Costa Rica avenue, Burlingame, Wednesday afternoon after an illness of several months with heart trouble. Mr. Neuman was the second son of the late Mr. and Mrs. A. Neuman. He was born in Woodside forty years ago and after finishing the Woodside school attended Sequoia Union High School in Redwood City. He entered the mercantile business in Woodside with his brother Al and while thus engaged was married to Miss M. Shaw, principal of the Woodside school, who, with one daughter, Harriet, survives him. For the past four years he and his brother, James V. Neuman of this city, have conducted the Neuman Bros. Mercantile Company at Woodside and they have been very successful in the conduct of their business.

Mr. Neuman was a fine, upstanding business man. He was honorable and just and was respected and trusted by all of his accosiates.

Besides his wife and daughter Mr. Neuman is survived by the following brothers and sisters: James V. Neuman of Redwood City, Grover Neuman of Woodside, Mrs. Charles Dobbel of Palo Alto and Mrs. Nanette Sanderson of San Francisco.

DEATH TAKES GIRL OF SAN GREGORIO

Miss Frances Isidoro of San Gregorio, passed away at Belmont on Wednesday evening after an illness of several months. Miss Isidoro was the daughter of the late Manuel Isidoro, who was formerly one of the most popular and most highly respected residents of Pescadero.

Miss Isidoro was born in Pescadero 25 years ago and went through the grammar school there. She then moved with the family to Yolo county where she attended the Woodland high school. Four years ago she returned to San Mateo county with her mother, brothers and sister. She was a beautiful young woman and was loved by all of her neighbors. She had a sunny, sweet disposition and so had many friends. She was well and strong until June, when she contracted a severe cold which settled on her lungs and which caused her death. She is survived by her sister, her mother and four brothers.

The funeral will take place this morning at 9:30 from the James Crowe undertaking parlors, thence to Mount Carmel church, where mass will be celebrated for the repose of her soul at 10 o'clock. The interment will be in Holy Cross cemetery, Menlo Park.

FUNDS AVAILABLE

Funds for the preliminary survey of the Dumbarton bridge have been arranged for and steps have been taken to begin the survey, which will start immediately. A meeting was held in San Francisco of the directors of the highway distrist last Monday in which the appropriations were considered and it was decided that San Francisco would pay about twenty times the amount San Mateo county would pay.

Franklin Swart caused a sensation when he stated that a tax could not be levied until the right of way had been secured, on which information the San Francisco representatives arranged to appropriate funds to obtain the right of way.

There is still some doubt as to the exact location of the bridge, but some think Dumbarton is the only logical point and it is likely that that place will be chosen.

MARRIED IN SAN JOSE

A marriage license was issued in San Jose Tuesday to Joseph Dassola, 29, and Anna Masso, 20, both of Menlo Park.

AGED WOMAN KILLED

Mrs. Helena J. W. Stevens, aged 72, was killed last Wednesday at the cemeteries by an automobile, her body being dragged several feet. She had just finished re-interring the bodies of her husband, daughter and granddaughter, which had been removed from the old Masonic cemetery in San Francisco. The driver of the death car placed her in his machine to go to a hospital, when his car broke down, losing a wheel. Witnesses state that she emerged suddenly in his path from behind another machine.

BARBECUE LAST SUNDAY

Mr. and Mrs. A. F. Davis entertained 40 of their friends from San Francisco, San Mateo, Redwood City and way stations at their home on the Hooper ranch near La Honda on Sunday. Among the things that assisted to make the day a success was a barbecue and a big outdoor dinner.

Alex Bonzagni and C. H. Wideman have bought the Swanton House at Pescadero and will run a first class resort and hotel. This hotel has not been doing much business in the past, but under the new management is expected to prove very popular and a credit to this section of the county.

COMMERCIAL CLUB TO HOLD MINSTREL SHOW, SEPT. 15-16

Will Have an Old Time Jubilee; Blackface, Bones and Everything; All Local Talent

When the merchants of the city decided to give some kind of entertainment for all visitors on the bargain day carnival the greatest question arose as to what form of a show should be given. It was then decided to put on a home talent minstrel show and the committee in charge secured the services of J. M. Kyed, who so successfully produced the minstrels at Los Gatos, Santa Cruz and our neighbor, Mountain View. These have porven to be big things in this line and Mr. Kyed has promised to put forth his best efforts to produce in Redwood City the biggest black face carnival ever produced this season. With about 80 participating, six end men, three balladists, instrumental numbers, songs and dances of all kinds and all kinds of syncopated syncopations in one big medley, ending all in a grand prize cake walk, the real old fashioned kind, with at least ten couples of Redwood City's sweetest sweetest and raggety raggest taking part, will make the finale the biggest thing ever undertaken in our city. Neighboring cities speak in glowing terms of Mr. Kyed's ability as a director and with his experience and Redwood's talent we can well expect something worth while.

Kyed is known as a publicity clown and judging by his antics with a paint brush on our sidewalks he is well named.

Everyone desirous of assisting in this production can see Mr. Kyed at the Alhambra Hall every evening except Saturday and Sunday. In the daytime he will be found at the chamber of commerce headquarters. In the words of the press agent this is going to the the raggiest, jazziest and snappiest potpourri of ragtime black face opera ever dished out to any public anywhere at any time.

A syncopated syncopation of melodious music given by our only oneliest, assisted by our bestest and prettiest prettiest on two eventful nights at the Alhambra Theater, on September 15 and 16.

The proceeds of this stupendous carnival are to go toward building a gigantic ornamental arch at the entrance to Redwood City at Broadway and the highway. Something attractive enough to lead passers by to swing in and have a "once over" on a municipality that is the topnotcher of the peninsula.

ADMISSION DAY

On Admission Day, September 9, San Bruno is going to give a grand celebration in honor of the event, same to take place on the grounds of Uncle Tom's Cabin. The general committee having this affair in hand has extended a hearty invitation to the Redwood City citizens to participate in the celebration and so help to make it an outstanding success. There will be a parade in which Redwood City is invited to join in any manner deemed proper. San Bruno will have some half dozen floats in line and two prizes are up for competition for this event. A prominent speaker, probably a justice of the supreme court, will deliver the oration. In the afternoon sports and games will take place for which many valuable prizes will be given. In addition there will be a 5-mile cross country race and in the evening a grand ball will be given in California Hall, for which an exceptionally fine band has been engaged.

GOUNOD MASS AT PORTOLA

Sunday morning at 10 o'clock the members of the Family Club of San Francisco will assist the choir at a presentation of Gounod's mass in celebration of the feast of Our Lady of the Wayside in the little Catholic church in Portola Valley, of which Rev. George Lacombe is the rector.

The music for the mass will be sung by members of the club, including a double quartet composed of Charles Bulotti, Harold Pracht, Austin Sperry, Harry Coles, Harry Robertson, Marion Vecki, Harry Fossey and Easton Kent.

Ruby Sieger will contribute a violin obligato and John Gwinn will play the 'cello.

The church is in San Mateo county close to the Family Club farm, where a great many of the members have their cabins and lodges. The church has been partly supported by members of the Family Club.

QUIET WEDDING

W. H. Earle of Redwood City this week obtained a marriage license and had a quiet wedding which none of his friends knew about until the licenses were published in the press. The happy young lady is Miss Mary A. Haney of Iowa Falls, Iowa, a former playmate of the groom.

Mr. Earle has been a resident here since the war, being formerly connected with the Willard storage battery station here. He served in the late world war as a radio operator and expert. They will reside in their new home in Redwood Highlands.

JENNETTE SAUNDERS DEAD

Jennette Saunders, wife of E. V. Saunders of Atherton, died Wednesday at her home in Atherton. The funeral was held Friday at Cypress Lawn chapel at 2 o'clock. Interment was private. Besides her husband, Mrs. Saunders is survived by her daughter, Drury Saunders, and her niece, Orpha Fulton, and cousin, W. S. Fulton.

GETS TWO-YEAR TERM

Francis Tunison, former chauffeur of Hillsborough, who confessed to robbing the wine cellar of Frederick W. McNear several weeks ago, was given probation from a two-year sentence in San Quentin by Judge Buck Thursday. Tunison, employed by H. L. Hutton, lessee of the McNear home, admitted to Police Chief C. M. Hirschey of Hillsborough that he had taken many bottles of liquor from the McNear private stock.

JUDGE PITCHER DEFEATED

Judge John Pitcher, justice of the Peace for a number of years and 96 years old was defeated in Halfmoon Bay for re-election by Charles W. Borden.

KNIGHTS OF COLUMBUS

More than a hundred of the fairest daughters of California residing in the peninsula district will enter the queen contest which will decide who is to reign during the Columbus Day celebration to be held at Pacific City Sunday, October 8. The event will be held by the Knights of Columbus councils of northern California. The fortunate young lady who is named as "Queen Isabella" will preside over the social functions of the celebration and with Christopher Columbus, represented by a prominent peninsula society man, is to lead the grand march at the coronation ball. The contest will attract entrants from San Mateo, Redwood City, Burlingame, San Bruno, South San Francisco, Menlo Park, Lomita Park, Palo Alto and other cities.

Past Grand Knight Joseph Habir of Redwood City, who will have charge of the queen contest, has announced that a campaign will be carried out to select the fortunate young lady to rule over the kingdom for the day. An added feature of the celebration will be a "bathing girl review" to be held on the beach at Pacific City. Various organizations will send representatives to compete for the handsome prizes to be awarded to the fair daughters of Neptune. Practically every fraternal society on the peninsula will cooperate with the "Caseys" in the program of events.

Members of the committees in charge of the celebration include:

General Committee—Lawrence M. Cahill, chairman; Rev. James Grant, Joseph J. Habir, Edward Kinsley, Comte E. O'Connell, J. J. Jones, T. J. Branson, J. J. McGrath.

ANNOUNCES ENGAGEMENT

Miss Janet Ferguson, who returned last week from a two months' visit to her old home in Minneapolis, has brought back the news that she will remain in California only until the first of the year, at which time she will become Mrs. Leonard Boyce of Soux Falls, S. D. Miss Ferguson has made her home in Redwood City with her aunt, Mrs. Lila M. Kirkpatrick, for several years past, while she has been engaged as domestic science teacher in the San Mateo schools. She is one of the most charming and poular teachers of San Mateo county and she will be greatly missed by all of her associates.

Mr. Boyce was a college mate of Miss Ferguson and they have been intimately acquainted for years. He is president of the Sioux Falls Construction Company and is one of the most influential men of that section. He is certainly to be congratulated upon his choice of a life partner. Miss Ferguson will continue in her school work until Christmas and the wedding will take place shortly after the first of the year. They will then make their home in Sioux Falls.

TWO DIVORCES

Judge Buck Monday granted two divorces to wives of errant husbands. Mrs. Maria Truffelli of Redwood City charged G. Ruffelli with extreme cruelty and Mrs. Emma Morse of San Mateo charged her husband with neglect and failure to provide. Both were represented by Attorney James T. O'Keefe of Redwood City.

JOHNSON WINS

The splendid victory of Senator Hiram Johnson at last Tuesday's election demonstrates that he still has the confidence of the people of his native state and is as popular as ever with his constituents. Notwithstanding the tremendous battle waged against him by the money powers and the radical element of the state he won the senatorship by his old time majority, which will reach the 75,000 mark. Mr. Johnson's majority in San Mateo county was over 2,000. In proportion to its vote it is the banner Johnson county of the state. Well may the people rejoice over the result. It means that the people rule. Money cannot buy a senatorship, particularly when the people's champion is in the contest. Mr. Johnson, California's pride, may now continue his good work in the senate and battle for what is just and right for the whole country.

IS A SURPRISE

The defeat of Governor Stephens for re-election was the one big surprise of the primary election. No one dreamed that such a thing could be brought about. The unexpected surely happened. Even the most ardent supporter of Mr. Richardson did not believe his candidate would be nominated. The great Republican party has made its decision and it is the duty of every Republican to work from now on until November for the election of Friend W. Richardson. He is the party's choice and is deserving of the support of every loyal Republican. The Times-Gazette will give him the same ardent assistance it rendered to Mr. Stephens during the primary contest. Mr. Richardson will make a good governor. We urge the people of San Mateo county to give him their fullest support.

—o—o—o—

LONG LIVE THE KING!

The king is dead—long live the king! For hundreds of years loyal people all over the world have uttered the above quotation. On Tuesday Governor William D. Stephens was defeated by Friend William Richardson for the Republican nomination for governor of California. Mr. Richardson's success at the polls came as a distinct surprise to the quarter of a million people who were solidly behind the governor for renomination. We were for Governor Stephens, but from now on we will be just as solidly behind Mr. Richardson. He has honestly and fairly won the coveted place on the November ticket and all loyal Republicans should support him.

Mr. Richardson has been a faithful public official in two other state offices. He has demonstrated that he can successfully conduct a state office. He has convinced nearly 250,000 Republican voters that he is the man to guide the destinies of our state government for the next four years. We should all support him.

SOME IMPRESSIONS

School has reopened. The lads and lassies are again at work learning the lessons of life. Some of the lessons have a meaning, some of them are just things to be learned so that something else will be understood later on.

The practical man says, "Only the things that are needed for a living should be taught." The theorist says, "Give the theory and the practical part will come." The successful school teacher must steer a middle course. A bit of the practical and a bit of the theory must be given so that a rounded man or woman will be the result.

School days! What a wealth of memories there are about our school days. They are the best times we have ever had. If it were only possible to give a young pair of shoulders to an old head so far as school is concerned we would have a much better world to live in and there wouldn't be so many regrets to think about.

My, but youth is a wonderful thing, and youth is a wonderful time. There is so much strength and vigor in the boy and so much grace and suppleness in the girl. They can twist their bodies into all kinds of shapes and yet emerge strong and straight and healthy. They can twist their minds about all kinds of problems and learn the reasons behind all sorts of things and start life in their maturity as reasonable and healthy men and women. Providing they have the right kind of training. We believe the boys and girls are getting the right kind of training in Redwood City. They have good schools to attend. They have a good environment, they have the best country in the world in which to live and grow to be good, strong men and women.

The California Society for the Preservation of the Redwoods gave a play called "Ersa of the Red Trees" in the Big Basin last week. It was a wonderful play in a wonderful setting. The theme was inspired and the dramatization can almost be called Shakespearian. Dan Totheroh and Garnet Holme, who wrote the play, and Katharane Edson, who took the principal part, have given California something to think about.

The idea around the whole production is that we, the people of this great and glorious state, are asleep in regard to our wonderful redwood trees. California is their last stand. Nowhere else can they be found. They were growing here when Christ was a little boy in his home in Galilee. They were towering monarchs when the kingdoms of Europe were not even conceived or thought of. They were giants of the giant forests when Washington and his little band of patriots were struggling to give a land of the free and a home for the brave here in this western continent. They looked down upon every other form of living thing when the hardy pioneer came to this land of the setting sun to search for gold in the days of forty-nine. They were the most wonderful thing in all the west, but the ruthless hand of the axman cut them and slashed them and left their jagged stumps as a reproach to civilization as he went about his job of getting wood and kindling, lumber and timbers.

The time has now come when we must preserve the redwood groves that are still standing. No more trees should be cut. We need them for our own protection. We need them for our water supply. We need them for the preservation of our animal life. We need them because of their beauty. We want them for our children and our children's children. May the California Society for the Preservation of the Redwoods grow and flourish and prevail in its good works.

The Pacific Telephone and Telegraph Company has been doing quick work in the laying of its new conduits. On the streets the workmen dug their ditches, laid their conduits and filled up the ditches almost before the people of the town knew they had begun their work. On Broadway they have a number of power drills at work cutting the bitumen and concrete. We can remember when this form of work was long and laborious. A man with a long handled holder held a cold chisel, two men with sledgehammers pounded until they had made a cut, then they moved on two inches and repeated the process. Today, because of the wonders of machinery, one man can do as much work in an hour as could be done by three men in a week. It's a better job, too, and the crew that follows the power drill can finish its work and be out of the way in a reasonable space of time. We certainly live in a wonderful age.

Sec. 2. After the issuance of the proclamation of the governor provided for in section sixteen of this act, and immediately after adoption of any resolution by the state land settlement finance committee hereby created, provided for in section eleven of this act, the state treasurer shall prepare the requisite number of suitable bonds of the denomination of one thousand dollars in accordance with the specifications contained in such resolution. The aggregate par value of all bonds issued under this act shall not exceed the sum of three million dollars and the bonds issued under any such resolution shall bear interest from the date of issuance of said bonds to the date of maturity thereof, at a rate to be determined by the said state land settlement finance committee and specified in such resolution, but in no case exceeding six per cent per annum. Both principal and interest shall be payable in gold coin of the United States, of the present standard of value, at the office of the state treasurer or at the office of any duly authorized agent of the state treasurer, and shall be so payable at the times specified in said resolution or resolutions.

All bonds issued under this act shall bear the signature of the governor and the facsimile countersignature of the controller and shall be endorsed by the state treasurer either by original signature or by signature stamp adopted for each particular bond issue under this act, and the said bonds shall be signed, countersigned and endorsed by the officers who shall be in office on the date of issuance thereof, and each of said bonds shall bear an impress of the great seal of the State of California. Each bond issued under this act shall contain a clause or clauses stating that interest shall cease to accrue thereon from and after the date of maturity thereof, and referring to this act and to the resolution of the state land settlement finance board hereunder by virtue of which said bond is issued.

Sec. 3. The requisite number of suitable interest coupons, appropriately numbered, shall be attached to each bond issued under this act. Said interest coupons shall bear the facsimile signature of the state treasurer who shall be in office on the date of issuance of the bond to which said coupons pertain.

Sec. 4. All bonds issued under this act and sold shall be deemed to have been called in at their respective dates of maturity and the state treasurer shall, on the respective dates of maturity of said bonds, or as soon thereafter as said matured bonds are surrendered to him, pay the same out of the proceeds of the controller's warrant drawn in his favor as provided in section five hereof and perforate the bonds so paid with a suitable device in a manner to indicate such payment and the date thereof. He shall also, on the said respective dates of maturity, cancel all bonds bearing said dates of maturity and remaining unsold, by perforation with a suitable device in a manner to indicate such cancellation and the date thereof. The provisions of this section shall be applicable also to the interest coupons pertaining to the bonds authorized by this act to be issued, and shall be applicable, as far as practicable, to any duly authorized agent of the state treasurer.

Sec. 5. There is hereby appropriated from the general fund in the state treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this act, as said principal and interest become due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the state, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collections of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be returned into the general fund in the state treasury, all of the moneys subject to and available for the use of the state land settlement board not in excess of the principal of and interest on the bonds, then due and payable and, in the event of such moneys so returned on said dates of maturity being less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the general fund in the state treasury as soon thereafter as it shall become available, together with interest thereon, from such dates of maturity until so returned, at the rate of five per cent per annum, compounded semiannually.

Both principal and interest of said bonds shall be paid when due upon warrants duly drawn by the controller of the state in favor of the state treasurer or in favor of any duly authorized agent of the state treasurer, upon demands audited by the state board of control, and the moneys to be returned into the general fund in the state treasury pursuant to the provisions of this section shall likewise be paid as herein provided upon warrants duly drawn by the controller of the state upon demands duly audited by the state board of control.

Sec. 6. The sum of ten thousand dollars is hereby appropriated out of any money in the st. treasury not otherwise appropriated to pay the expenses that may be incurred by the state treasurer in having said bonds prepared and advertising their sale. Said amount shall be refunded to the general fund of the state treasury out of the land settlement fund in accordance with the provisions of this act on controller's warrant duly drawn for that purpose.

Sec. 7. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as the said treasurer shall be directed by the governor of the state, under seal thereof, after a resolution requesting such sale shall have been adopted by the state land settlement board and approved by the governor of the state; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which has accured thereon between the date of sale and the last preceding interest maturity date; and with the approval of the governor, he may from time to time, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Before offering any of said bonds for sale the said treasurer shall detach therefrom all coupons which have matured or will mature before the day fixed for such sale.

Sec. 8. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in one newspaper published in the city and county of San Francisco and also by publication in one newspaper published in the city of Oakland and by publication in one newspaper published in the city of Los Angeles and by publication in one newspaper published in the city of Sacramento once a week during four weeks prior to such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised. The proceeds of the sale of such bonds and such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said treasurer into the land settlement fund in the state treasury and must be used exclusively to provide employment and rural homes for soldiers, sailors, marines and others who have served with the armed forces of the United States in the European war or other wars of the United States, including former American citizens who served in allied armies against the central powers and have been repatriated, and who have been honorably discharged, to promote closer agricultural settlement, to assist deserving and qualified persons to acquire small improved farms, to demonstrate the value of adequate capital and organized direction in subdividing and preparing agricultural land for settlement, and to provide homes for farm laborers, in accordance with the provisions of the land settlement act, approved June 1, 1917, and of any and all acts amendatory thereof or supplemental thereto; provided, that the said land settlement board must pay over to the general fund of the state from the proceeds of the sale of bonds all money which has been heretofore or may be hereafter appropriated and advanced out of the general fund of the state treasury for the use of the state land settlement board on condition that it shall be so paid over; provided, further, that the said state land settlement board may, out of the proceeds from the sale of said bonds, pay all or any part of any indebtedness heretofore by it incurred in accordance with law and remaining unpaid, including the interest accrued thereon, unless the rate of interest applying to such indebtedness is less than the rate of interest applying to the said bonds; and provided, further, that the proceeds from the sale of said bonds may be used to pay the debt created by the issuance and sale thereof.

Sec. 9. The state land settlement board shall be and hereby is authorized with the approval of the state board of control, to invest any surplus moneys in any of the funds subject to or appropriated for its use in bonds of the United States, or of the State of California, or of the several counties or municipalities or other political subdivisions of the State of California and to sell such bonds, or any of them, at the governing market rates, upon approval of the state board of control.

Sec. 10. There is hereby created a state land settlement finance committee composed of the governor, state controller, state treasurer, chairman of the state board of control, and chairman of the state land settlement board, all of whom shall serve thereon without compensation and a majority of whom shall be empowered to act for said committee. The attorney-general of the state shall be the legal advisor of the state land settlement finance committee.

Upon request of the state land settlement board, supported by a statement of the plans and projects of the state land settlement board with respect thereto, the state land settlement finance committee shall determine whether or not a bond issue under this act is necessary or desirable to carry such plans and projects into execution. it shall adopt a resolution to this effect. The said resolution shall authorize and direct the state treasurer to prepare the requisite number of suitable bonds and shall specify:

1. The aggregate number, aggregate par value, and the date of issuance of the bonds to be issued.

2. The date or dates of maturity of the bonds to be issued and the number and numerical sequence of the bonds maturing at each date of maturity.

3. The annual rate of interest which the bonds to be issued shall bear.

4. The number, numerical sequence, amount or amounts, and the dates of maturity of the interest coupons to be attached to the said bonds.

5. The technical form and language of the bonds to be issued and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the state land settlement finance committee shall be guided by the amounts and dates of maturity of the revenues estimated to accrue to the state land settlement board from the project or projects to be financed by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, and be commensurate, as nearly as practicable, with the dates and amounts of such estimated revenues; provided, that the bonds first to mature in each issue, shall mature not later than five years from the date of issuance thereof; provided, further, that specific numbers of bonds of specified numerical sequence shall thereafter mature at annual intervals; and provided, further, that the bonds last to mature in each issue shall mature not later than forty-five years from the date of issuance thereof.

The rate of interest to be borne by the said bonds shall be uniform for all the bonds of the same issue and shall be determined and fixed by the state land settlement finance committee according to the then prevailing market conditions, but shall in no case exceed six per cent per annum, and the determination of said committee as to the rate of interest shall be conclusive as to the then prevailing market conditions. The interest coupons to be attached to the said bonds shall be payable at semiannual intervals, from the date of issuance of said bonds; provided, that the interest coupons first payable may, if the state land settlement finance committee shall so determine and specify, be payable one year after the date of issuance of said bonds.

Sec. 14. This act, if adopted by the people, shall take effect on the fifteenth day of November, 1922, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

In the square immediately below the square containing such words, there shall be printed on said ballot the words: "Against the land settlement bond act of 1921" and in the same square immediately below said words "Against the land settlement bond act of 1921" in brevier type shall be printed "This act provides for a bond issue of three million dollars to carry out the purposes of the land settlement act." JUDGE LAMPKIN EXPRESSES APPRECIATION TO VOTERS

I thank you one and all. It is needless to say that I am truly grateful to the people of our county.

In view of the spirited campaign for all the candidates I have received a tremendous vote. In view of this and the kindly consideration given me by the minority candidate and his friends at all times I feel that my election in November is assured.

I am truly grateful that the campaign at all times has been dignified and free from personalities. I am grateful to my loyal friends all over the county, who worked in my behalf so valiantly and unselfishly. I am grateful to all the people for their kindly consideration and to my supporters for their votes and their assistance.

It has been my sincere ambition to establish in San Mateo county one the best, most efficient and up-to-date sheriff's offices in the state of California and I again thank the people of this great county for their support and assistance in giving me the opportunity to realize my ambition.

H. W. LAMPKIN.

At 3000° F— What?

As your motor begins to "warm up, what happens to the oil? It thins, of course. But just *how* does it thin and how does it act when subjected to the high operating temperatures?

Upon the answer to that question depends the proper lubrication of your car.

Zerolene, being made from selected crudes and scientifically refined by our patented vacuum process, resists engine heat; it retains its lubricating "body" at all operating temperatures. It does not decompose or "break down." It clings to the bearing surfaces and maintains a perfect film of lubricant.

A Minimum of Soft, Flaky Carbon

If the motor is getting proper lubrication, some oil slips past the pistons and is consumed by the flame of combustion. In burning, all oils deposit carbon on the cylinder walls and cylinder heads. Inferior oils deposit a hard, gritty carbon in considerable quantity.

It is this hard carbon deposit which causes pre-ignition, breaking and sticking of cylinder rings, overheating, loss of power, warping and splitting of exhaust valves, and wear of valve stems.

Zerolene deposits a minimum of carbon of a soft, flaky nature which can do no damage and is usually blown out with the exhaust.

Lubricate exclusively with Zerolene, adopting the recommendations embodied in the Zerolene chart of recommendations, and you will develop the maximum power, speed and gasoline mileage of your car.

Cleaning Without Odor by the F. Thomas *Process*

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes.

Our equipment to redistill and purify our cleaning fluids alone represents a bigger investment than many cleaners have in their entire plant. That is why our work has no

MENLO PARK NEWS

It is rumored that the old Senator C. N. Felton home, consisting of the ancient dwelling and ten acres of land, has been sold to San Francisco parties and is to be remodeled and opened as a preparatory school for girls. The residence, with its beautiful grounds, was once the pride of Senator Felton. The wide halls of the ancient domicile may again resound with mirth and laughter as they did in the days when the senator entertained royalty and nobility there. His gay parties were enjoyable affairs participated in by peninsula society and by the belles and beaux of San Francisco.

Mr. and Mrs. R. Frederick and little son, Bobbie, are spending five weeks at the Big Basin. Their home on Oak Grove avenue is closed during their absence.

The Menlo fire department will give a dance on September 16. A 15-piece orchestra from San Francisco is to furnish the music. Captain Whittaker is in charge of the affair.

Mrs. Frann Derry, accompanied by her son, Edward, and her brother-in-law, James Carroll of San Francisco, motored down to Los Angeles last week. The party will return in ten days.

The new two-story building at the Warren school is nearing completion. In the lower story will be located the big ballroom and the superintendent's quarters while the upper floor will contain the students' bedrooms. The building is to be ready for the opening of the fall term on September 19.

On Wednesday Mrs. James L. Flood entertained at luncheon at "Linden Towers" in honor of Mrs. Charles Alexander of New York, who is visiting in San Francisco.

J. E. Strong and wife will motor to Sacramento today to spend a ten days' vacation.

The palatial home of W. W. Stettheimer at Atherton will be the scene of a pretty wedding tomorrow at noon when winsome Miss Barbara Stettheimer will be united in marriage to Major Julius Ochs Adler of New York. The major is president of the New York Times. Miss Stettheimer, one of the popular members of the peninsula younger set, is a graduate of Stanford University. Her father is president of Neustadter Brothers of San Francisco.

Patrick Hopkins, a former resident of Menlo Park, came over from Fruitvale on Monday to spend a few days with his sister, Mrs. B. Burke.

Menlo Parlor, N. S. G. W., will give a benefit dance this evening in Native Sons' Hall. Dancing will continue until 3 a. m. Good music and an enjoyable time assured all. The proceeds will go to a worthy cause. Come and help the cause.

A final word. The voters of Menlo Park are once again urged to cast their ballots on next Tuesday for the three local candidates—Judge C. A. Shurtleff, candidate for associate justice of the supreme court; Frank P. Roach, candidate for sheriff, and M. H. Walsh, who seeks re-election as constable. These men summer and winter with us and as a matter of town pride they should be given a unanimous vote. Let it be hoped that Menlo Park will give a solid vote for Shurtleff, Roach and Walsh next Tuesday.

Mrs. Maria Regan, beloved wife of Daniel Regan, a Menlo Park pioneer, passed peacefully away at Fruitvale, Oakland, last Friday. She enjoyed fairly good health up until a short time before her death. She complained of a slight illness on Thursday preceding her demise and retired early. She awakened her husband early Friday morning, saying she was ill. She passed away a short time afterward. The remains were interred in Holy Cross cemetery here on Monday. Mrs. Regan was a resident of Menlo Park for nearly 40 years prior to going with her husband to Fruitvale six years ago. Mrs. Regan was a true Christian woman, a devoted wife and considerate neighbor. She was a devoted Catholic, practicing the tenets of her religion scrupulously and in the manner the Divine Master instructed. Mrs. Regan while residing here was a daily communicant, rarely missing mass on a week day or Sunday. Her saintly piety and splendid devotion won her the respect and veneration of her friends and co-religionists. Mrs. Regan lived for God and when the supreme summons came she was prepared to go and meet her Savior in heaven, her true home. We must believe that the Master she served so well and so faithfully upon earth was there to greet her and to welcome her to His kingdom of never ending glory where she, with the angels, will continue singing His praises for all eternity.

Rumor has it that the National Ice Cream Company has secured the vacant property close to the Duff residence, where it will build a factory for its products. The J. H. O'Keefe building on the highway is to be occupied in the meantime as a garage for housing the trucks.

E. H. Werthman and family have moved back to their pretty home on Santa Cruz avenue occupied all summer by Will H. Chipman and family of San Francisco. The Werthmans enjoyed the season in San Francisco.

Several concrete buildings are to be erected shortly on the Lathrop property adjoining San Faranciscquito cottage. Work on the structures will begin at once. The contractors have leased the old shooting gallery on the highway from J. H. O'Keefe, in which to store tools, cement, etc. One of the buildings is to be used as an up to date steam laundry.

Senator Johnson will address the voters of the peninsula in the Sequoia theater, Redwood City, this afternoon at 1:30 o'clock. The people of Menlo Park should hear his message.

The young people of Menlo Park gave a horse show Saturday at the A. G. C. Hahn place for the benefit of the Society for the Prevention of Cruelty to Animals. Miss Eleanor Weir, daughter of Mr. and Mrs. W. Weir, and Miss Grace Hamilton, a daughter of Mr. and Mrs. Alexander Hamilton, were in charge of the affair.

Mr. and Mrs. Latham McMullin will remain at Woodside until the latter part of September and will then return to their house in town. They are occupying the house of Mrs. Elena Robinson Goodwin this summer.

San Carlos Items

W. H. Nixon of the C. C. Morse trial gardens here left last Tuesday for a business trip in the Pajaro Valley.

Mrs. W. H. Johnson, who has been visiting friends in San Francisco for the past week, has returned home.

Two of the candidates for supervisor, M. J. Conway and Mrs. Rosalie Brown, were in town last Tuesday interviewing the electorate and getting better acquainted. In view of the fact that the position of supervisor is an unusual and difficult one for a woman to look after and there are three brilliant aspiring men as opponents, one of whom is a man of wide experience in practical construction work, it is hardly to be expected that Mrs. Brown can win against such great odds. However, both Mrs. Brown and Mr. Conway appeared very cheerful and extremely sanguine as to the result of the final count, as did both Mr. Fowler and Mr. Duffy when they were in town. It is a kind of Christian Science atmosphere they bring into the city hall when we have the pleasure of a call from them.

Miss Eleanor Herbert returned from her home at Sacramento and her vacation in time to open school last Monday, the 21st.

Robert R. Morgan, special agent and adjuster for the George H. Tyson Companies, was in town one day this week assisting the local agent in securing new business.

Mrs. Philo S. Johnson and Master Everett, who have been visiting at the home of Mrs. Johnson's sister, Mrs. Rupert C. Johnson, on Elm street, left last Sunday for Los Angeles, where they will visit at the home of Mrs. E. E. Jones, another sister of Mrs. Johnson, while they are seeing the sights of that section of the state.

Mrs. J. M. Edling and three children enjoyed a week end visit at the home of Mrs. Edling's parents in Richmond.

Miss Geraldine Hogan of Grand Junction, Col., who has come to California to enter the state university as a student this fall, is visiting at the home of her cousin, Mrs. R. D. Schott.

Mrs. R. H. Boone and little daughter and Mrs. Boone's father, W. D. Oake, of Oakland, have returned home after a visit of several days at the home of Mr. Oake's sister, Mrs. D. E. Schooley. Mr. Oake was an employe of the Southern Pacific Company for many years and was retired on a pension six years ago at the age of 70.

Woodside Chirps

Mr. and Mrs. Phil Kroech of Redwood City and their two children, Raymond and Phyllis, have just returned from a motor trip to the Yosemite and are now occupying the house of J. L. Ross, Jr., at Woodside while Mr. and Mrs. Ross are absent on a camping trip to Crater Lake, Oregon.

John D. Wilson of San Francisco has recently moved into his newly completed home in Toyon Knolls just off the Canyada road.

Miss Frances Ross, who has been visiting here for some weeks, left Sunday for her home in the east.

Miss Louise Mahon of Palo Alto spent Saturday and Sunday with Rev. and Mrs. St. John.

Dr. Bradford Leavitt of Hollywood drove up from there for a couple of weeks' vacation at his place in Woodside. Mrs. Leavitt has been spending the summer here and will go back with Dr. Leavitt when he goes.

Mr. and Mrs. William Lawson of Pasadena, who have been visiting Mrs. Lawson's mother, Mrs. Leavitt, left by easy stages for their home. They planned on stopping several days at Del Monte and again at Santa Barbara on their way home.

Mr. and Mrs. Arthur Hooper gave a barbecue dinner on Saturday night to a large number of their friends from Woodside, Menlo Park and Palo Alto.

PRIZE DANCE TO BE HELD AT FORESTERS' HALL

A series of ten dances will be held at Foresters' Hall. Coupons will be given out to the ladies on entering the hall. One part to be held by the lady and the other to be put in a box which will be there for that purpose. Each dance evening these coupons will be given out and at 11 o'clock ten tickets will be drawn. At the end of the drawing 100 coupons will have been drawn altogether. These will be placed in a hat on the last night and the tenth number to be drawn until ten numbers are drawn will be a winning number. Only ladies dancing with a gentleman partner will be allowed to take part in the drawing. The prizes will be divided evenly with the gentlemen dancing with the ladies holding the lucky tickets. One hundred dollars will be given away if the receipts are large enough to warrant. First prize $25 to be divided with gentleman partner dancing with lady holding lucky number; $15 as second prize, 8 prizes of $5 each. No lady to be allowed to hold more than one winning number.

SUPERVISORS REJECT BIDS FOR HOSPITAL

The San Mateo county board of supervisors, on motion of John MacBain, seconded by Hickey, Monday voted to reject all bids for construction of a tuberculosis pavilion at the new San Mateo county community hospital at Beresford. The certified checks accompanying the bids were ordered returned to bidders.

Plans and specifications for the pavilion had been prepared by Architect W. H. Toepke, who estimated $4,500 as cost of the work. When the bids were opened two weeks ago they ranged from $6,640 by T. W. McClenahan of San Mateo to as high as $7,684. As they were all considered too high, the contract was not awarded pending consultation with Mr. Toepke. Supervisor MacBain stated that he considered the bids entirely too high, and that new plans and specifications would be prepared and new bids called for.

District Attorney Franklin Swart presented a certificate of returns on the $80,000 bond issue recently voted by Millbrae school district, showing that the vote was 181 for and 60 against. A resolution was adopted declaring the bond issue to have carried and the clerk was instructed to advertise the bonds for sale.

Mrs. Emma Everson of Redwood City was appointed matron of the emergency hospital in Redwood City on motion of Supervisor MacBain, seconded by Supervisor Brown, her application for the position being the only one before the board.

County Surveyor Geo. A. Kneese submitted to the board an estimate of the cost of constructing a highway from a point near the Union Oil station on the Bay Shore highway to El Camino Real at a point near the Tanforan race track. Kneese stated that the road 100 feet in width, entirely within the limits of South San Francisco would cost about $32,000 and on motion of Supervisor MacBain, seconded by Supervisor T. L. Hickey, the entire matter was referred to District Attorney Swart.

Kneese also submitted a figure of $5,000 as estimated cost of a levee on the west side of the Bay Shore highway between the Union Oil station and South San Francisco, to prevent the storm waters overflowing the highway each year. On motion of Supervisor Hickey, seconded by Supervisor MacBain, Surveyor Kneese was instructed to prepare plans and specifications for the work.

District Attorney Franklin Swart presented an amended complaint in the case of the County of San Mateo vs. Weller et al., for the purpose of condemning a right of way for the Skyline boulevard through their property back of Colma, and on motion of Supervisor MacBain, seconded by Hickey,

RECEIVES APPROPRIATION

The state motor vehicle department has announced the apportionment of motor vehicle fees to the different counties for the period from February 1, 1922 to July 31, 1922.

San Mateo county will receive $30,617.29, which will be apportioned among the different road districts of the county for the upkeep and repair of roads. The net receipts of the department from this county amounted to $61,234.58, being the receipts covering 5,923 automobiles, 380 trucks, 166 motorcycles and 38 trailers.

MISS EDITH KELLEY IS VISITOR

Miss Edith Kelley who grew up in this city, graduating from the local schools was in Redwood City this week as the guest of Miss Jessie Smith. Miss Kelley has just returned from a summer outing with the Sierra club and was one of a party which climbed Mt. Whitney. Since leaving Redwood City, Miss Kelley has taught in a number of California high schools. In 1917 she entered Columbia University, New York and secured her master degree. Since 1918 she has been an associate in the language department of the University of Iowa. She resigned this year to enter the University of California to secure her doctor's degree, but is now contemplating going to Panama where she has an offer in the Spanish department of the Panama schools.

WILL CONDUCT HOTEL

Foster Curry, formerly of this city, who for a number of years past has been connected with the management of Camp Curry, Yosemite Valley, has purchased the Hotel Lebec on the Ridge Route 50 miles from Los Angeles. Mr. Curry will remodel his newly acquired property and will make it one of the most up to date hostelries in the south. He intends to put in a large swimming tank, tennis courts, a nine-hole golf course and make the place the mecca for Los Angeles society people.

Mr. Curry learned from both his father and mother the art of advertising and will have his property before the people at all times. We wish him every success in his new venture and trust that the Hotel Lebec-Curry will become one of the best known in California.

SUES FOR DIVORCE

Mrs. Mary Thompson of this city has brought suit in the superior court for a divorce from Arnold V. (Tommy) Thompson. Mrs. Thompson alleges that the defendant deserted her in October, 1921, and has not since contributed to her support. She also brings forward the further fact that he is now a felon, confined in San Quentin prison. Mrs. Thompson was formerly a resident of Menlo Park, where her parents reside, but now lives in this city.

Thompson was convicted a short time ago and sent to prison for having captained a trip to the Hart home near Menlo Park, where a number of bandits robbed Julien Hart of a large quantity of booze and made merry with the Hart household.

HUSBAND SEEKING DIVORCE

That his wife, Bertha E. North, is "money mad" and makes threats of all kinds unless he will "come through" is the allegation of William H. North, a miller, in a suit for divorce filed in the superior court.

North states in his complaint that shortly after their marriage on December 17, 1920, his wife began to nag him in an effort to get money from him and charged him with having misrepresented his financial condition before their marriage. When she would fail in her efforts she would tell him that she knew others who would "come through," North states. Then she would circulate false reports as to his character and reputation.

When he returned from the east recently, where he had gone to visit his aged mother, North alleges that his wife had removed his personal belongings from their home and when he entered she charged that he had no right there and demanded a thousand dollars from him. This was the last straw and he decided to seek a divorce.

ANSWERS QUESTIONS

In reply to many questions anent the possibility of cleaning the channel or creek that runs through Redwood City, to the end that it may be made a real place for swimming and boating and fishing, the channel improvement committee of American Legion Post No. 105 desires to set at rest any forebodings on this score.

Five years ago, as a test, the old floodgates were used to flush the creek for a period of ten days. This test proved, even with so small an effort, that constant working of the gates would drive the refuse and loose mud from out of the center of town to deep water and each incoming tide would be that much clearer, so that in two weeks or a month the water would be as clear as it is at the present time in the vicinity of the mouth of Smith's Creek and Long Reach. Imagine then what would happen with the greater body of water that would be held back by placing the new floodgates at East Bradford street. The old gates leaked half the tide out before they were opened, so it is easily understood what flushing power the larger body of water would have behind the proposed new floodgates.

The committee welcomes such questions, as it shows the interest that is being taken in their plan, drawings of which will soon be on display. The chamber of commerce committee will view these plans and estimates at a meeting in the near future with the Legion committee before giving final support. Signed CHANNEL COMMITTEE.

The caddies at the Menlo Country Club held a tournament at the links on the Woodside road Tuesday. Theodore Thompson won a silver cup for best score and Victor Torres and William Jones were also given prizes by the club.

FRANK ROACH THE MAN

Because we who are neighbors of Frank Roach, candidate for Sheriff of San Mateo County, want the voters of the county to know him as we do, we are presenting the following brief statement of his life, qualifications and plans to the people of his county:

FRANK ROACH was born in Menlo Park about forty-five years ago. His parents were among the pioneers in the development of San Mateo County and his father was one of the early leaders in educational work here.

FRANK ROACH was educated in the schools of this county and has spent his entire life here. How well that life has been spent and how useful a citizen he has been is known to us, his neighbors, and should be known to every voter.

FRANK ROACH became an orphan when he was 18 years old. The oldest of a family of six children, he was charged with the responsibility of raising and educating his five sisters and brothers. Bravely and fearlessly he worked to accomplish this end and the splendid manner in which he fulfilled his trust is an inspiration to us of Menlo Park.

FRANK ROACH is a man of the highest character. His honesty and integrity are beyond question. His generous nature, his fearlessness in the face of hardship or danger, his coolness of judgment and his constant desire to put his best into the task that confronts him have endeared him to the people of his home community and to all who know him.

THE FRANK ROACH FOR SHERIFF CLUB was formed, not at his solicitation, but was organized by the neighbors of Frank Roach because of the high regard in which they hold him and their belief that he is admirably qualified in every way to give San Mateo County a sheriff's office of which it can be proud.

FRANK ROACH, if elected to the office of sheriff of your county, will devote his entire time, energy and ability to fulfilling the important duties of that office. He knows every corner of San Mateo County and possesses the necessary physical and mental qualifications to properly perform the duties of your sheriff.

FRANK ROACH believes that the office of sheriff should be always at the service of the people and, if elected, plans to maintain a night and day service in the office so that an instant response can be given to any call received at any hour of the night or day. He will appoint men of the highest qualifications as his deputies and assistants in the office and endeavor to make the office a live, vital force in the county for the administration of justice.

It is because we who know FRANK ROACH believe implicitly in his ability and desire to accomplish these ends that we present this statement to the voters of our county and respectfully ask their support of Frank Roach for Sheriff.
